

## **Thermography Seminar**

Mon, Mar 29

*Place:* Holiday Inn Hotel & Suites, Oakville, Ont.  
*Times:* from 08:00 to 04:45  
*Web Site:* [http://www.itm.com/seminars/2010\\_Fluke\\_Seminars.htm](http://www.itm.com/seminars/2010_Fluke_Seminars.htm)  
*Telephone:* 1-800-561-8187  
*Category:* 2010 Events

*Additional Information:*

ITM and FLUKE invite you to a seminar focused on an introduction to thermography, which will cover theory and maintenance applications for electrical, mechanical and building diagnostics.

The seminar will be divided into two parts. In the morning, presenters will focus on general thermography applications and camera use. In the afternoon, they will focus our attention on specific building applications. Experts in both areas will be present and available for discussions and to answer your specific questions.

**Seminar Focus:** This full day seminar will help you gain a basic understanding of thermal imaging theory. The morning session will review general thermography of electrical, mechanical and other miscellaneous applications. The afternoon session will provide up-to-date information on the use and application of thermography for building diagnostics; including, air leakage detection, insulation evaluation, roof moisture and mold inspections, energy audits and weatherization for both residential and large commercial buildings.

**Who Should Attend:** Property managers, maintenance managers, electricians, plant operations, facility maintenance, service contractors for electrical, mechanical and HVAC , consulting engineers, home and building inspectors, energy auditors, restoration contractors, municipal housing and property management, regional school board maintenance services.

**Cost:** \$199 per person

Registration deadline: Mar. 5, 2010

Print date: Wed, May 23
